

Microneedling Pre-care Instructions

Prior to the Microneedling session, please observe the following:

- No Retin-A products or applications 24 hours prior to your treatment.
- No auto-immune therapies or products 24 hours prior to your treatment.
- No prolonged sun exposure to the face 24 hours prior to your treatment. A Microneedling treatment will not be administered on sunburned skin.
- On the day of the treatment, please keep your face clean and do not apply makeup.
- If you are taking a blood thinner, aspirin or any other medication that you have the propensity to bleed easily while on, please tell your technician. If you are under a physician's care and need to discontinue your medication for a few days, always ask your physician prior to each Microneedling appointment.
- If you are planning to receive Botox, make sure that you give yourself at least 2 weeks post Botox injections before receiving your Microneedling procedure.
- If an active or extreme breakout occurs before treatment, please consult your practitioner.
- Wait 6 months following oral isotretinoin use.
